

## PAINT & COATING APPLICATIONS

### COATINGS

OVERCOATS	ANTI STAIN / RELEASE OVERCOATS	SPRAYS	PROTECTIVE/HEAT RESISTANT COATING	
LK- EMR 422 (Cost effective, water resistant, wet look)	LK- CERAGAURD EM30 (Anti-stain, water based, 2-pack)	LK- Q 1000M (Methyl silicone resin)	LK- Q 1000PHMX (Phenyl methyl silicone resin, 50% in Xylene)	LK- Q 1000PHM* (Moisture curable, phenyl methyl silicone resin)
LK- EMR 1500 (Water resistant, anti-microbial, wet look)	LK- SEAL 48 (Anti stain, water dilutable, direct use)	LK- Q 1000PHM* (Phenyl methyl silicone resin)	LK- Q 1000M (Moisture curable, methyl silicone resin)	LK- Q 1000MQ* (Silicone MQ resin, high compatibility)
LK- AQUA EM 290 (Water repellent, retains appearance)	LK- EMR 52 (Anti stain, water repellent, retains appearance)	LK- Aquashield TD (Ready to use, non-aqueous, fabric water repellent)	LK- Q 1001M (Moisture curable, phenyl methyl silicone resin, low phenyl content)	LK- Q 1000PHMNC (Non self-curing phenyl methyl silicone resin)
LK- SEAL 290 (Non-aqueous, water repellent, super effective)	LK- SEAL 100 (Release, solvent based, anti-graffiti)	LK- SEAL 290 (Non-aqueous, super effective)	LK- 1018* (Hydroxyl terminated phenyl methyl silicone resin, high compatibility)	LK- Q 1000MNC (Non self-curing methyl silicone resin)
LK- Aquashield TD (Ready to use, non-aqueous, fabric water repellent)	LK- EM 6451/6001 (Release, aqueous based, anti-graffiti)

### ADDITIVES

WETTING & LEVELLING	DISPERSING & COMPATIBILIZERS	DEFOAMING AGENTS	CO-BINDERS	
LK- 7307 (Silicone surfactant aqueous)	LK- SW 177 (Aqueous for pigments)	LK- 7307 (Aqueous, wetting promoter)	LK- Q 1000AP (Amine silicone resin for water restante)	LK- RX 22D (Reactive silicone fluid)
LK- SW 177 (Super wetting, fast)	LK- SW Platinum (Eliminates interfacial tension)	LK- AF 514 (Non-aqueous systems)	LK- Q 1000MQ* (Silicone MQ resin)	LK- Aqua EM 292C (Aqueous, water/stain resistant)
LK- SW Platinum (Super wetting, fast)	LK- 7300 (Silicone surfactant aqueous for fillers)	LK- S49 Defoamer (Organic resin defoamer)	LK- Q 1000PHMNC (Non self-curing phenyl methyl silicone resin)	LK- EMR 1500 (Aqueous, antimicrobial)
	LK- Epoxysilane M (Adhesion promoter glycidoxo propyl triethoxy silane)	LK- AF 531K (Non-aqueous systems)	LK- Q 1000A (Amine functionalised silicone resin)	LK- EMR 422 (Aqueous, water/stain resistant)
	LK- Alkylsilane O (octyl triethoxy silane)	LK- AF SPA (Latex) (Aqueous defoamer for latex)	LK- Q 1000MNC (Non self-curing phenyl methyl silicone resin)
